For so long, people thought Dorfman was about selling hats. But really, we’re about our hat community. You see a hat is just an accessory, but our millinery community is fostered by the artisans that hand make our hats, local shops that display our creations, and our customers’ stories who wear them with distinction. This is coupled with our relentless commitment to service instilled by our founder, Jack Dorfman. Fashion trends are in a constant state of motion, but happy retail partners and valued customers are a constant for us.

OUR MISSION
For so long, people thought Dorfman was just about selling hats. But really, we're about our hat family. You see a hat is just an accessory, but our community is fostered by the artisans that hand make our hats, local shops that display our creations, and our customers’ stories who wear them with distinction. This is coupled with our relentless commitment to service and quality instilled by our founder, Jack Dorfman. Fashion trends are in a constant state of motion, but happy retail partners and valued customers are a constant for us.

OUR ENVIRONMENT
OUR COMMITMENT TO OUR FUTURE
We believe it is our responsibility to conserve resources to lower our carbon footprint. Dorfman Pacific’s headquarters operates the greenest distribution center in headwear industry, and one of the greenest in the United States. Skylights, motion sensors, light fixtures, reflective white roofing, recycled boxes, electric hand dryers, non-polluting electric fork lifts and carts, high efficiency air conditioning units and electric commuter cars are some the ways that Dorfman Pacific is reducing consumption and conserving resources.
