**STETSON®**

CLOTH HATS & CAPS

2019 FALL/WINTER COLLECTION
OUR HISTORY

In 1865, John B. Stetson fashioned the hat that would become the symbol of American independence, individuality, integrity and strength. Today everything that carries the Stetson brand, from authentic western wear to rugged action wear to contemporary street wear, stays true to these American values; make things right and the best they can be.

BE TIMELESS

Outfitting America since 1865

DISCOVER THE
NO FLY ZONE™
DIFFERENCE

- No Fly Zone™ hats are non-toxic, odorless, invisible protection proven to repel insects
- Constructed of comfortable nylon fabric
- Features one of the most efficient permethrin fabric treatment processes available
- Sweating and washing won't deteriorate effectiveness
- Hats maintain protection after 70 washings - extending the life of the hat while giving you maximum value and performance

WHY NO FLY ZONE™?

- Permethrin is recommended by the CDC and WHO as a defense against insects
- Featured on the WHO's list of essential medicines
- Also used to treat US military uniforms and mosquito nets to improve their efficacy

Effective Against

MOSQUITOS
TICKS
ANTS
CHIGGERS
FLIES
MIDGES

CONTACT REPELLENCY
Registered with the EPA, Burlington® Lab's No Fly Zone™ insect repellent technology works as a contact repellent. As a contact repellent, NFZ affects the insect's nervous system causing "hot foot", making the insect fly away before it may bite. This technology may help to prevent the spread of insect borne diseases by repelling insects away from the body through apparel or gear.

NO FLY ZONE™ is EPA registered.
Proven to repel mosquitoes, ants, ticks, chiggers, flies, and midges. Unique patented process and proprietary binding system of the repellent on the fabric.
