For so long, people thought Dorfman was about selling hats. But really, we’re about our hat community. You see a hat is just an accessory, but our millinery community is fostered by the artisans that hand make our hats, local shops that display our creations, and our customers’ stories who wear them with distinction. This is coupled with our relentless commitment to service instilled by our founder, Jack Dorfman. Fashion trends are in a constant state of motion, but happy retail partners and valued customers are a constant for us.

At Callanan Hats, we know our customer and we design with her in mind. She has a timeless sense of style, portrayed in understated chic. I like to design hats that are beautiful and timeless, not over cluttered with excessive trims and ornamentation. I like clean silhouettes that enhance the wearer’s confidence and style. A Callanan hat should enhance and not distract from the wearer’s beauty.

Since my first collection in 1986, I have never tired of introducing American ladies to the fun and mystique of wearing romantic hats. Be it at the beach or a special occasion, a Callanan hat adds a sense of je ne sais quoi.

In 1995 Dorfman Pacific Hat Company acquired the Callanan label and it is an honor to present my 25th collection for them this year-2020.

A hat is a very special accessory, it delivers instant glamor. Hats can say many things about the wearer from “look at me” to “leave me alone” as when they are used as shields by celebrities from the paparazzi. Wear them in good health!

John Y. Callanan

A lifestyle brand wrought from the inspiration of a time when a woman's dress hat was a wardrobe staple; its pieces showcase the evolution of headwear. The result of our tried and tested approach is a line of products that is classic yet fresh. It is clear that the bygone infusion in hats will endure and Scala hat styles will offer their vintage feel while still maintaining a modern silhouette.

It has been our privilege to bring this heritage to the Kentucky Derby, creating for you a line of officially licensed product that was once only available at Churchill Downs.

Shop this collection, anywhere this symbol is used, you are shopping officially licensed hats.

Every hat needs a delicate touch. That’s why we’re pleased to offer straw designs made of raffia fabric. Handmade by artisans and pulled from the membrane of palm fronds, the elegant but durable straw can withstand days in the sun while providing you a beautiful, unique design. Our products are still handwoven, so that no two pieces will be the same, ensuring you find the perfect fit for you.

In your endeavor for a new hat, you’ll also be supporting the environment. Raffia has recently been recognized as a renewable resource due to its low impact on the planet. Not only will you be adding an extra glimmer to your attire, but you’ll be making the world a better place because of it.

Your little person is probably your most precious consideration. That’s why we know you wouldn’t let them go frolicking in the sun without the proper protective attire. We offer a veritable playground of kids options, from fun straw westerns and fedoras to our popular outdoor buckets and boonies. Not only are these simple, fun options perfect for the sun, but they’re colorful and entertaining for your young ones, too.

When it comes to kids headwear, functional is of the utmost importance, especially for outdoor wandering. That’s why we’ve put time and effort into ensuring our kids line is well suited for the younger aesthetic tastes but also the older, wiser parent who knows better than to trust when kids say, “yes, I put my sunscreen on.”

It’s a big brim beach hat kind of afternoon, and the waves are folding nicely over the warm wet sand. The wide brim look is back in vogue, a trending fashion full of careful silhouettes. Straw lets the heat disappear and lets the warm air brush you gently no matter where you take your new hat.

It’s not often we get a chance to take a touch of the past into the current day and get away with it. A modern straw hat offers us just that opportunity should we so choose to take it. So grab a new straw item and don’t look back. Your outfit is counting on it.
